Write a brief paragraph(s) that highlights strengths and, if applicable, offers constructive feedback.

Keep the tone respectful and focus on the outcome (what was done), not personality. Consider using AI to ensure that the recipient receives the peer review in a positive and productive manner, even if constructive feedback is required.

I enjoyed working with Sanyam. He was approachable and easy to work with. When we faced problems, he was open to working on them together.

There were also moments when neither of us could solve a problem, so we had to seek the instructor's assistance but that is to be expected. Overall, he was a good teammate to work with.
